

St Patrick's Ukulele Strings

Cut out the cards and cover up each number on the 4 leaf clovers with a coin. Hold up each card and have the student guess the string number on the picture. Then the student will remove a coin, if the number matches the string number the student places the coin in the pot 'o gold! Play until the cards run out. If there are 3 or more coins in the pot'o gold, the student wins!
